P AND Z TO MEET

The Commission holds its regular monthly meetings on the first Wednesday of each month at 7 p.m. in the courtroom on the second floor of Town Hall. The agenda is posted on the bulletin board in the town clerk's office on the Monday immediately preceding the meeting. The public is welcome and encouraged to attend. Members of the Commission are Shawn Bittman, Kord Jablonski, Paul Piezzo, Arthur Spielman Jr., Gerald Stefon, and Richard Waterman. Alternate members are Kathleen Boushee, Mick Collins, and Christian Mueller. The Commission employs a part-time planner and consultant, Tom Seidel of the Southeastern Connecticut Council of Governments, and a zoning enforcement officer, Joe Smith. An audiotape, as well as written minutes of the Commission meetings, is available at the Town Hall. Additional information is available at www.ctsprague.org.

**SPRAGUE SCHOOL DISTRICT
Baltic – Hanover – Versailles
Kindergarten (Full-day) Registration**

**Sayles School
25 Scotland Road, Baltic, CT
06330
(860) 822-8264**

Sayles School is currently conducting kindergarten registration for the 2008-2009 school year. Parents of children who will be five years old by January 1, 2009, must provide birth certificates, social security numbers and immunization records for rubella, measles, polio, mumps, diphtheria, pertussis, tetanus, hepatitis B and chicken pox.

Parents also need to provide three proofs of residency showing the street address. It is important that all students planning to attend full-day kindergarten during the 2008-2009 school year be registered as soon as possible.

Call (860) 822-8264, Ext. 100, for a registration packet or if you have any questions.

OUR TOWN

BRANCHING OUT...

NOTES FROM THE TREE WARDEN

I was able to get the three trees that wintered over in the River Park planted last month with the much appreciated help from the road crew. The two maples are now at the ball fields and the oak is along the road in front of the transfer station. All three seem happy and were in full blossom at the time of planting.

My goal for the ball field area is to get new trees mature enough to provide shade for fans before the old trees fade away.

The oak trees at the transfer station are intended to provide some shade while also providing a more pleasant view from the road. Unfortunately, one of the young oak trees planted last spring does not seem to have survived being eaten naked by the orange-striped oak caterpillars last fall. I'll work out a replacement in the fall if nurturing it doesn't bring it back.

I planted a gray bark dogwood on the bank at the River Park during our Earth Day celebration. Eventually that back area will be a white blossoming back in the spring time. Additionally, five colorful trees, chokecherry, witch hazel, and fringe tree, were planted on the river bank side of the split rail fence at the Memorial Park. These will provide a blast of color in the spring and provide a haven for birds most of the year. Just a note: I have only been purchasing native, American trees for the town, avoiding exotic or invasive trees that would not reflect our true corner of the world.

Please remember that no one is allowed to cut, prune or remove any tree that is a public tree without a permit. A public tree is any tree that is on town property or in the town's roadside right-of-way. I will gladly measure and assess any tree in question, but I have to be informed to do that.

I had an incident recently with a contractor who was certain that I had no authority to prevent his signs being nailed to telephone poles in our town. Acting Resident State Trooper Saucier was very helpful correcting the contractor's understanding of the State ordinance that prohibits the attachment of any sign, advertisement, etc., to a public tree, pole or other natural object. I choose to enforce the ordinance because it is, to me, one thing I can do to keep Sprague a more pleasant place to live and visit.

~ Dave Gustafson, Tree Warden

TRASH BOARD NEEDS VOLUNTEERS

Volunteers are needed for the new Transfer Station Help Board.

Board members will help develop, review and make recommendations to the First Selectman's office and/or the Board of Selectmen, as needed.

Sprague Conservation Commission Update

Hello again fellow Sprague citizens, I hope everyone is well and enjoying late Spring and early Summer. To those who had the opportunity to attend the Preserving Family Land workshop, I hope you found the speakers and information educational and useful. We had a very good turnout. It's comforting to see that there are many of us that find these issues important to us and our families.

In regards to River Park issues, all is moving along slowly but surely. The inmates along with conservation volunteers are helping us spread new loam. We hope to get some new seed out before it gets too hot.

We will also be planting, mulching, building stairs, and chipping up limbs. We all hope that more town folks will come down and enjoy the park and help out when ever they can. On other town issues, kudos to those who came out to vote on the budget. Now let's move on to continue the new energy in town to create a great place for all of us and our families to live. In the spirit of that, come and hike with us at the Mukluk on June 8 and 22. We will be leaving the Grist Mill at 10:30 a.m.

Also please pay attention to the next big issue which is to save the Mukluk once and for all, forever, and to accept the \$500,000 that the state has promised us to offset the cost to the town.

~ Don Boushee, Chair

FROM THE RESIDENT TROOPER

I would like to introduce myself to you, if I have not already met you in passing. I am Trooper John Saucier, acting resident trooper for the Town of Sprague. I am covering for Trooper Patterson until he returns to duty as your resident trooper.

I come to you from Troop E, Montville, with 10-plus years of law enforcement experience.

Now onto more important business.

There have been several attempted burglaries in some of the surrounding towns. There have not been any similar incidents here in Sprague, and I want to keep it that way! There have been several arrests related to these incidents but I believe there are still individuals committing these criminal acts based on information we have. This is not meant to scare you, but to inform you.

During several incidents, the individuals targeted dark, secluded homes with no vehicles in the driveway. They may think nobody is home, so it may be an easy target. They may ring the doorbell or knock for several minutes until someone answers or not. If you see a strange vehicle or anything out of the ordinary in the area, please let us know and don't wait to call.

Lock your doors—which you should always do anyway—and possibly leave a car in the driveway instead of the garage.

Try keeping a light on inside and out if possible, but most of all, be aware.

Recently, there have been a couple cars unlawfully entered but nothing was taken. An unlocked car is an easy target, so please lock them, too.

Don't make it easy for the bad guys.

Some items of interest are I-Pods, GPS units, cell phones, and anything else in view. Put these things away out of view.

With your help, we can keep our town safe.

If you have any questions or concerns, do not hesitate to call or just stop and talk when you see me around town.

On a side note, if you have any questions regarding security tips around your house, feel free to contact me. I wouldn't mind discussing any concerns, or stopping by to talk in person.

I do like coffee, but please, NO DONUTS!

~TFC John Saucier
